SANDY CREEK NATURE CENTER, INC. is led by a volunteer Board of Directors who believe deeply that our environment is a treasured and irreplaceable resource that can best be protected through education and sustainable practices.

We are passionate about:

Here is what we do to support Sandy Creek Nature Center:

- Provide experience and expertise to help the Nature Center staff offer environmental education programs for people of all ages in Athens-Clarke County and the surrounding region
- Seek donations for the Nature Center through fund-raising events, memberships, sponsorships and grants from foundations and other sources

- Advocate for the Nature Center in the community and, when necessary, take public positions on issues facing the Nature Center.
- Build and maintain positive relationships with the Athens-Clarke County government, the Clarke County Board of Education, the University of Georgia, other educational organizations, and the local business and hospitality communities
- Advise on issues of preservation, protection, expansion and wise management of the Nature Center's natural environment and adjacent areas, and physical facilities

Board members are expected to:

Becoming a member of the SCNC, Inc. Board of Directors is an opportunity to render meaningful and rewarding public service—to the Nature Center, to our community and to the greater goal of protecting our precious natural world.
